CAREER OBJECTIVES

Aspiring software developer with a strong foundation in programming and a keen interest in building innovative solutions. Seeking an opportunity to apply my technical skills, learn new technologies, and contribute to impactful projects in a dynamic organization. Committed to continuous learning and professional growth while delivering high-quality results as part of a collaborative team.

EXPERIENCE

FRONTEND DEVELOPER TRAINEE | Kiwisoft Solutions Pvt LLP Oct 2024 - Present

- Collaborated on front-end development projects, utilizing HTML, CSS, JavaScript, Bootstrap, and React.
- Designed and developed responsive and user-friendly websites, enhancing user engagement and accessibility.

PYTHON FULLSTACK DEVELOPMENT | Quest Innovative Solutions Pvt Ltd Oct 2021 - Mar 2022

- Successfully completed a 6-month intensive Python Full-Stack Development course, gaining practical experience in developing dynamic web applications.
- Acquired proficiency in front-end technologies such as HTML, CSS, JavaScript, and Bootstrap, along with back-end frameworks like Django and Flask.
- Developed strong skills in database management, working with both SQL and NoSQL databases.
- Designed and implemented multiple projects demonstrating end-to-end application development and problem-solving capabilities.

Chinmaya Institute of Technology, Chala, Kannur

BACHELOR OF COMPUTER APPLICATION 2018 - 2021

Kerala University

HIGHER SECONDARY | BIOLOGICAL SCIENCE 2016 - 2018

GHSS Morazha

PROJECT

STUDENT ADMISSION PORTAL

Developed a user-friendly Student Admission Portal to simplify online applications and profile management, making the process easier and more efficient. The portal allows students to submit applications, track their status, and manage their profiles seamlessly. It includes features like email notifications, document uploads, and role-based access control for students, faculty and administrators. The responsive design ensures a smooth experience across all devices. Technology Stack: MERN (MongoDB, Express.js, React, Node.js)

CHAT APPLICATION

Developed a chat application to provide users with an instant messaging platform, ensuring seamless communication and real-time interaction.

Technologies Used:

- Front-end: HTML, CSS, JavaScript, Bootstrap
 - Back-end: Python, SQLite
 - Framework: Django
-

SKILLS

- Python, JavaScript, C (Basics)
 - HTML, CSS, React, Bootstrap, jQuery
 - Django, Flask
 - SQLite, MongoDB
 - Windows OS, Linux OS
 - Effective Communication
 - Teamwork
 - Adaptability
 - Problem Solving
-

LANGUAGES

- English
- Malayalam
- Hindi
